

To whom it may concern:

I like listening to K-Love for the Christian music and the uplifting message that it provides. K-Love helps me to remain pure throughout the day in an otherwise impure world. It is a positive message that keeps me focused on what is important in life.

It would be selfish if I listened to K-Love just for me. I pray for K-Love and that it will remain a permanent fixture on the radio waves across the United States and beyond. There are over 2 Million listeners worldwide, 8000 people have come to know Christ as their personal savior since January, and there have been multiple suicides that were prevented because of K-Love. This radio station is absolutely vital to this community and our nation.

While I can listen to Christian music and authors on CD in my car and pray constantly, I fear that others may not have the same opportunities. I could survive without K-Love but I would rather not. More importantly I believe that those around me in my community may not hear the Good News without K-Love. There are too few trying to spread the love of Jesus and K-Love reaches a whole audience that otherwise might not hear it. Please protect and allow K-Love to keep airing to the community and great nation that I live in and love.

Thank you for your time,
Scot Millhollen
